

IMTM Announces Hall of Fame Selection Process, Nominating Committee

(Auburn, Indiana - IMTM PR) - The International Monster Truck Museum is proud to announce the 2012 Hall of Fame Selection Process and the members of a new official Nominating Committee.

When inducting the first ever Hall of Fame class in 2011, the Board of Directors felt it the only proper course, to honor those men that are widely recognized as the sport's originals: Bob Chandler, Jeff Dane, Dan Degrosso, Everett Jasmer, Fred Shafer and Jack Willman.

For the second Hall of Fame class and beyond however, the Board of Directors has put in place a nominating and voting process that will ensure the monster truck community is able to influence the selection in a non-biased and open to the public manner.

An official Nominating Committee has been established, consisting of 25 people from all aspects of the monster truck industry. The committee includes the 8 members of the IMTM Research Committee, along with 17 current & former drivers, promoters, historians and members of the media.

Starting this week, the Nominating Committee will begin the process of narrowing the great number of candidates who have excelled in the monster truck industry over the years, down to an official voting ballot of 20 names.

Each committee member will submit a form listing the 20 names they wish to nominate, along with a brief explanation of the qualifications of each. Forms from the Nominating Committee must be submitted by Saturday, May 5th.

When all nominating forms have been received, the IMTM will tabulate the results and the 20 names submitted most across all committee member forms, will be the official 2012 IMTM Hall of Fame Nominees. The IMTM will announce the names of this prestigious group at the 4-Wheel Jamboree Nationals in Lima, Ohio on Saturday, May 19th.

Following the completion of the nominating process, an official voting ballot will be created, listing all 20 nominees. Members of the Board of Directors, along with previous Hall of Fame Inductees will each receive a voting ballot. They will vote for 5 of the 20 nominees and return their ballot by September 1st.

The 5 nominees receiving the most votes will be inducted into the IMTM Hall of Fame on Saturday, November 3rd in Auburn, Indiana. These 5 inductees will be announced to the public on Saturday, September 15th at the 4-Wheel Jamboree Nationals in Indianapolis, Indiana.

Tickets to attend the 2nd Annual IMTM Hall of Fame Induction Ceremony & Reunion will go on-sale Friday, May 18th and will be available online, and in person at the IMTM Booth at the Lima, Ohio 4-Wheel Jamboree Nationals.

Hall of Fame Eligibility

For these early years of the IMTM Hall of Fame, with such a large group of worthy candidates from all reaches of the sport, the Board of Directors has decided on the following eligibility guidelines for the Nominating Committee to consider:

- Candidates will be primarily considered based on all contributions to, and accomplishments in, any aspect of the monster truck industry, and will not be inducted by group (i.e. inducted as a driver, promoter, media, etc.). Because people in monster trucks often work in multiple roles over their career, consideration should be given to their entire body of work.

- Consideration should also be partially weighted to the chronological order of their involvement in the history of the sport.
- Nominees not receiving enough votes for induction into the Hall of Fame in a given year will not automatically be nominated for the following year. Each year the slate is wiped clean and the process begins again.
- There is no limit to how many times a candidate may be nominated but fail to receive enough votes for induction. These candidates will always remain eligible for nomination in future years.

As the years pass and a greater number of the sport's most influential figures have been inducted, the Board of Directors will consider putting in place additional eligibility requirements, should they become necessary, to limit the pool of candidates to only the best and brightest.

The 2012 IMTM Nominating Committee

Each year the International Monster Truck Museum & Hall of Fame will choose 25 people to make up the Nominating Committee. This committee will consist of members of the IMTM Research Committee, along with select current & former drivers, promoters, media and other people who have worked in, and/or studied the history of the industry.

Members of the Nominating Committee have an incredibly important task as they must research monster truck history, compare the accomplishments of all candidates, seek and consider input from others in the industry, and ultimately arrive at a list of 20 candidates and summarize the qualifications of each.

Select members of the committee will be retained for the following year, while others will be switched out for new members in order to keep a fresh perspective in the nominating process, and to involve more people in the industry as part of the selection process.

The 2012 IMTM Nominating Committee includes the following:
